

Congressional Update from Representative Hunt

This past week in the 118th Congress has been very productive, and I am honored to share an update with you on important bills, votes, and issues we have covered!

I am proud to co-sponsor and vote in favor of H.R. 382 – The Pandemic is Over Act, which ends the public health emergency with respect to COVID-19

Five months ago, President Biden declared the pandemic to be over, yet his White House continues to spread misinformation, which directly refutes the President's own words and statements regarding the end of the COVID-19 Pandemic. It's time for a return to normalcy.

I have been selected as the Vice Chairman for the Subcommittee on Energy and Mineral Resources

I am honored to be selected as the Vice Chairman for the Subcommittee on Energy and Mineral Resources. I look forward to working closely with Chairman Westerman and my colleagues to maximize the production of reliable energy, cut permitting times, lower prices for families, and be good stewards of our environment. We have a lot of work to do!

I have been named the Chairman for the Subcommittee on Rural Development, Energy, and Supply Chains

I am honored to be selected as the chairman for the Subcommittee on Rural Development, Energy, and Supply Chains. Unleashing American Energy and repairing our supply chains are critical policies for the American people.

House Judiciary Committee Hearing: I Defended the Pledge of Allegiance and Struck down the Democrat's Attempt to make Border Security a Racial Issue

Please Watch my Full Defense of our [Pledge of Allegiance Here!](#)
